Poster Tutorial #11

Finally, the contact box is filled. But, in this example case, there is not much space for a lot of contact text. Therefore, we add fit to the text automatically.

```

\posterbox[adjusted title=Contact,fit,fit baselin=12pt]
{name=contact,col=main.5,span=1,between=process and bottom{
\visum[2]
}
}
        
```

Our poster is finished now. Just go to the next page to see the final result.
